

MAKING A DIFFERENCE IN THE COMMUNITY

We have created a golf academy like no other. Our academy focuses on our youth and juniors in the community. Using golf to teach them lifelong values, life skills, steer them away from trouble and most importantly, create a path to better education, by creating a way towards college opportunities through golf, which we hope will lead to a better future.

Best of all it's the most extensive program but the most affordable, with the hopes to provide this program for free in the near future.

With support from PGA members and coaches, partners, and professional sport personalities, we see the positive effect on our youth and our community.

RED CROWN GOLF ACADEMY

OUR MISSION:

Provide an effective, structured, and results-based golf teaching program, that families in all levels of society can afford, especially those who are less fortunate than others.

Using golf as a vessel to teach our youth life values, people skills, hard work, dedication, and other important skills that they can use for the rest of their lives.

Our program is also aimed at creating opportunities for a better education, which we hope can lead to a better future.
